We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. With my images, I take you with me. Together,
we explore, find meaning in life, discover
constant revelation in tone and design. As
we view the human condition, or study
symbology of a bed, we'll share a vision
you'll want to keep. My photograph
will then become yours.
